

2011 Medicare Part D Stand-Alone Prescription Drug Plans

Data as of Sept. 15, 2010. Includes all contracts/plans regardless of 2011 approval status
Employer sponsored plans (800 series) are excluded.

Note: Always check details and formulary (list of covered drugs) with Medicare (1-800-633-4227 or www.medicare.gov) and the plan at the contact information listed below.

- Plans under the Centers for Medicare and Medicaid Services (CMS) sanction are listed last.
- Plans with "basic" benefit types offer coverage equal to Medicare's basic requirements.
- Plans with "enhanced" benefit types offer additional coverage beyond Medicare's basic requirements (i.e., coverage for Part D excluded drugs). This coverage varies by plan, and may require you to pay higher premiums.
- "Benchmark" plans are "basic" plans with monthly premiums below the average amount calculated for each region. This allows Extra Help (also called Low-Income Subsidy or LIS) clients to enroll and pay little or no monthly premium.
- Data are subject to change as Medicare finalizes contracts.
- Costs listed in this publication may be less for people who qualify for Extra Help.
- * YES in this column indicates a "Benchmark" plan.
- ** People with Extra Help pay lower or no monthly premiums for Benchmark plans.
- *** People with Extra Help have yearly deductibles from \$0-63, for any plan they choose.
- **** People with Extra Help have no coverage gap (also referred to as the donut hole) for any plan they choose.
